

Missouri Intrastate Regional Agreement for Selected Documents Distributed through the Federal Depository Library Program (FDLP)

University of Missouri – Missouri University of Science and Technology

This agreement is being made between the University of Missouri (MU) Libraries in Columbia and the Missouri University of Science and Technology (MST) in Rolla. The purpose is to transfer FDLP regional responsibility for a specific congressional committee from MU to MST.

Regardless of depository materials' location, items distributed through the FDLP remain the property of the U.S. Government and must be handled as such. This agreement will become fully effective October 1, 2012 and will continue indefinitely. It may be modified or terminated in writing by either party, with six months' notice both to the partner library and the Government Printing Office (GPO). The agreement will cover federal documents having the following SuDoc classification:

SuDoc number	Congressional Committee
Y 4.Sci 2:	House Committee on Science, Space and Technology (name varies)

In pursuance of this agreement, the Missouri University of Science and Technology agrees to:

- Catalog the materials and inform MU of progress.
- Insofar as possible, maximize access to documents through MOBIUS' patron-initiated loan.
- Handle the documents in compliance with regional responsibilities outlined in Title 44 of the *United States Code*, the FDLP *Legal Requirements & Program Regulations* guide, and the Missouri State Plan, including, for example:
 - Providing statewide reference service for regional materials.
 - Selecting 100% of designated publications distributed by GPO to depository libraries.
 - Evaluating selective depositories' requests to remove publications having this SuDoc classification.
 - Filling historic gaps in the collection (with exceptions for items which have been superseded.)
 - Providing for preservation needs of the collection.
- Upon termination of the agreement, return the materials as directed by MU Libraries.

The University of Missouri (MU) Libraries agree to:

- Transfer its complete collection of paper House Committee on Science, Space and Technology to the MST Library at Rolla. Duplicative items need not be retained by MST.
- Become a selective for this group of material.
- Evaluate success of the arrangement, taking into account feedback from other libraries.
- Keep records indicating the location of publications involved in this agreement.
- Take publications back upon termination of this agreement.
