God Sleeps in Rwanda

The Staff Development Committee invites you to view the Oscar nominated short documentary "God Sleeps in Rwanda." This award winning film examines the role of women in the rebuilding of their devastated nation. Dr. Barbara Bauer, a local psychologist, scheduled to go Rwanda in April to train trauma counselor trainers for the Rwandan Women's Network, will probe the implications of this work and conclude with a question/answer session. Please join us for this event.

This is another way in which the MU Libraries may participate in campus wide efforts to internationalize the curriculum. Our library directors have seen fit to foster participation in the Global Scholars Program, an effort which includes Africa. Civil war and genocide, the topics of this documentary, have unfortunately become pandemic. A scholarly led examination of these issues should further the intellectual and psychological understanding of participants, enhancing their understanding of the diverse populations with which they deal and deepening their appreciation of the varied resources and materials with which they work. "God Sleeps in Rwanda" was shown at the True/False Film Festival in February. Our program is slated for:

- **10:30 am - noon**
- **March 17, 2006**
- **Library Instruction Room 1**

RSVPs not required. Release time available with supervisor approval. For information on future SDC programs, visit our calendar at: http://mulibraries.missouri.edu/sdc/program.html
