I transferred \$1,000 from savings to checking on aug. 9 2012.

I am really sorry I forgot to transfer funds from savings to checking. As the result, we were hit with fees for times when our checking account had a zero balance and the bank had to transfer funds from savings to cover those checks.

Bob Almony (Former assistant director at Ellis Library who has his own accounting firm) will be returning from his vacations. I will speak to him after Aug 14 about how our organization should go about doing some form of an audit. He agreed that MULSA does not need a full audit.
